

2018, Septembrie

Sunlight Center is situated in the Danube Delta area (Dunavatu de Jos, Tulcea County, Romania).

Raza Soarelui-Sunlight is the only charity organization in an isolated, perspective limited area. The majority of the local community consists of fishermen that lately have to deal with poor fish catch and the Among the schools of Dunavat and Murighiol we have noticed many children from underprivileged families that have consistently

Dear Friends,

We spent a busy summer and now we have time to look in the future. The winter will come very soon and in our center we need more heating! In the end of 2017, we received more radiators from

Texel—Holland. The radiators stay in Sunlight Center - storage. But we need pipes, fittings and 1 Pellet boiler (pellet fireplace). The cost to buy and fix all system is around 2500 Euro, don't include the wages. We not have a central heating system. We used electric radiators only in activity room, I remember, was great when we had 17 grad Celsius, but the bathroom, the kitchen, the hole , office, hasn't heater. The children from After school Sunlight Center, spent 4 hours per day, eat and make homework from Primary School.

Because the Lord sent the radiators and stay in our storage , In September 2018, we decide to make the first step by faith in the Lord- in this project —Start to fix the radiators on the walls in Sunlight Center.

Now, we received from:

- Organization from Arad— Romania, promised to send in October and November 777 Euro for this project.
- Company from Tulcea—Romania , who like to help and give the pipes, connectors, and wait 1 month for payment.
- Two Friends Volunteers from Cluj — Romania, will come next week to fix the radiators, pipes, connectors and all fittings on the walls.

But will pray for financial help—to receive 1732 Euro to buy pellet boiler (pellet fireplace) for payment and finish all the heating system.

We pray to receive extra 500 Euro to buy 1,5 ton pellets to running the heater system in the winter.
